

## Technical Analyst

Novanet, a consortium of ten Nova Scotia academic libraries, has an immediate opening for a Technical Analyst. The Novanet office serves 26 sites throughout the province. The consortium shares the use of an Ex Libris integrated library system including an online catalogue, authority control, circulation, cataloguing and acquisitions.

Reporting to the Novanet Manager, the Technical Analyst provides support for the Novanet integrated library system (ILS) and other technologies. The current ILS is ALEPH by Ex Libris, running in a Solaris ver. 9 environment with an Oracle ver.9i database.
