Say It Right: Speaking Confidently and Effectively with Cheryl Stenström

This fast-paced course focuses on verbal communication. More than any other form, verbal communication is used to get your message across. You will gain an understanding of skills and techniques needed for effective communication in a variety of settings. You will learn about communication theory and how to can apply this to work more effectively in a library setting.

Monday November 3, 2008 at 3:00 PM ET

A Brief Introduction to Human Learning Ecology – Libraries, Education and Development in a New Light with Elizabeth Dozois

Libraries are exploring their role in fulfilling the learning needs of their communities. Is it more than providing materials and programs? Do we understand what learning is? This session is of fundamental value if you and your staff are having these conversations, and seeking ways to move forward in the new learning environment. Ms Dozios, of Leadership Calgary, will explore the ecology of learning within the framework of library services.

Thursday November 6, 2008 at 2:00 PM ET

Recent Trends in Digital Licensing with Tomas A. Lipinski

In a world increasingly reliant upon digital delivery and content, librarians are finding they need to become increasingly knowledgeable about various types of licenses. This session will introduce participants to key concepts and trends in the licensing of information content, as well as services for the library and related information settings.
