

# ONLINE & HEALTHY STARTS NOVEMBER 4

At all times, but especially now, it's important to source quality information to answer patrons' health-related information questions.

In this 3-session series, participants will receive a basic introduction – or refresher – to quality consumer health resources: **MedlinePlus®**, **PubMed Central®**, and the **My COVID Recovery guide**; the **Cochrane Library**; and the collection of **health-related pamphlets** produced by Nova Scotia Health – Library Services and IWK Health – Library Services. Attend one session or all three.

Email [nspl@novascotia.ca](mailto:nspl@novascotia.ca) for information or to register.
